# REAR ENTRY

**Savaria is Canada’s largest manufacturer of lowered floor accessible minivans.** We know Canadian weather. Our durable designs are built to last – that’s why we also make commercial vans for Canada’s largest cities, providing accessible transportation for taxi and ride share.

Built on today’s most popular OEM platforms, Savaria conversions are offered for the Dodge Caravan, Toyota Sienna and now the Chrysler Pacifica. Our rear entry conversions are built in Ontario by a dedicated team – most of whom have been doing this for over a decade.

Savaria rear entry van designs are crash-tested and meet CMVSS and FMVSS national standards for safety. We sell conversions on new vehicles through dealers across Canada and we are also pleased to convert pre-owned\* vehicles. Ideal for wheelchair passengers, Savaria rear entry conversions provide seating options to accommodate different family needs. The counter-balance manual bi-folding rear ramp is easy to open and close, and locks firmly into place for travel.

**DODGE CARAVAN**  
Considered a “long floor” conversion, this model can accommodate 2 wheelchair positions. The spacious lowered floor measures 8 feet and starts just behind the front row seating, allowing for a wheelchair position to be closer to the front. Optional flip sideways seats in the second row deliver seating flexibility for other travelers.

### Caravan & Pacifica CONFIGURATIONS

**TOYOTA SIENNA**  
This “short floor” conversion (62” lowered floor) preserves original second row seating and provides for the wheelchair position in the third row area. The ultra-wide ramp (36”) makes it easy for larger wheelchairs to enter and exit.

\*Check with Savaria or your Savaria dealer for complete details on used vehicle requirements

**CHRYSLER PACIFICA**  
The newest upscale minivan is complemented with the Savaria long floor conversion with luxury details. A stainless steel floor provides added rust-resistance, while the moulded interior finishing, convenient storage compartments and LED lit ramp contribute to the luxury interior package. Accommodate 2 wheelchair positions, or have added flexibility for alternative wheelchair positions in this spacious design.

### Sienna CONFIGURATIONS

Speak with your Savaria dealer for full specifications on seating options.

SPECIFICATIONS	SIENNA	CARAVAN	PACIFICA
Entrance height	56"/1422 mm	56"/1422 mm	56"/1420 mm
